New Source Review newspaper advertisements for construction permit applications, May 27, 2004. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: May 25, May 26, or May 27, 2004. Public notices are generally published every two weeks. The previous publication of public notices was May 11 - 13, 2004.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>CalsonicKansei North America</u> with a mailing address of <u>305 Stanley Blvd. – Bldg. 2</u>, <u>Shelbyville, TN 37162</u>. They seek to obtain an air contaminant permit (Division identification number: <u>02-0073-43/57288</u>) for construction of a <u>Surface Coating Operation</u> at <u>305 Stanley Blvd. – Bldg. 3</u>, <u>Shelbyville, TN 37162</u>. This proposed operation would consist of a spray booth and associated equipment used to coat automobile condensers. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Bedford County "Shelbyville Times-Gazette"--published once on or before Thursday, May 27, 2004.

The applicant is <u>Rogers Group, Inc.</u> with a mailing address of <u>P.O. 25250, Nashville, TN 37202</u>. They seek to obtain an air contaminant permit (Division identification number: <u>16-0039-05/57001</u>) to construct an <u>Asphalt Plant</u> at <u>Crusher Road, Hillsboro, TN 37342</u>. This proposed operation would consist of a 400 ton per hour portable asphalt plant with recycle regrind kit. Emissions from the asphalt plant would be controlled by a baghouse. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Coffee County "Tullahoma News"--published once on or before Thursday, May 27, 2004.

The applicant is <u>Rogers Group, Inc.</u> with a mailing address of <u>P.O. 25250</u>, <u>Nashville, TN 37202</u>. They seek to obtain an air contaminant permit (Division identification number: <u>28-0011-02/57002</u>) to construct an <u>Asphalt Plant</u> at <u>2212 Bethel Road</u>, <u>Pulaski</u>, <u>TN 38478</u>. This proposed operation would consist of a 400 ton per hour

portable asphalt plant with recycle regrind kit. Emissions from the asphalt plant would be controlled by a baghouse. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Giles County "Pulaski Citizen"--published once on or before Thursday, May 27, 2004.

The applicant is <u>Riverbend Construction Materials</u> with a mailing address of <u>8831 Grand Slam Dr.</u>, <u>Suite 303</u>, <u>Memphis, TN 38125</u>. They seek to obtain an air contaminant permit (Division identification number: <u>29-0039-02/57291</u>) to construct a <u>Diesel-Powered Engine</u> at <u>Highway 92</u>, <u>Jefferson City, TN 37760</u>. This proposed operation would consist of a diesel-powered engine used to provide power for a rock crushing operation. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the "Grainger County News" published once on or before Thursday, May 27, 2004.

The applicant is <u>Petosky Plastics</u>, <u>Inc.</u> with a mailing address of <u>5725 Commerce Boulevard</u>, <u>Morristown</u>, <u>TN 37814</u>. They seek to obtain an air contaminant permit (Division identification number: <u>32-0173-09/57259</u>) for construction of <u>Printing Operation</u> at <u>5320 East Morris Boulevard</u>, <u>Morristown</u>, <u>TN 37814</u>. This proposed operation would consist of a Didde 24" Colortech 4-color offset printing press with a 17" repeat, without dryers. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. V. Murrell is the assigned Division person.

For the Hamblen County "Citizen Tribune"--published once on or before Thursday, May 27, 2004.

The applicant is <u>L&M Landscaping Products</u> with a mailing address of <u>P.O. Box 4, Halls, TN 38040</u>. They seek to obtain an air contaminant permit (Division identification number: <u>49-0088-01/57290</u>) for a <u>Grinding Operation</u> at <u>680 Co-op Drive-Air Base, Halls, TN 38040</u>. This existing operation consists of a tub grinder with diesel motor used to produce bark mulch and wood chips. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. G. Latif is the assigned Division person.

For the "Lauderdale County Enterprise"--published once on or before Thursday, May 27, 2004.

The applicant is <u>Rogers Group, Inc.</u> with a mailing address of <u>P.O. 25250, Nashville, TN 37202</u>. They seek to obtain an air contaminant permit (Division identification number: <u>60-0108-02/57000</u>) to construct an <u>Asphalt Plant at 1071 Blue Springs Road, Columbia, TN 38402</u>. This proposed operation would consist of a 400 ton per hour portable asphalt plant with recycle regrind kit. Emissions from the asphalt plant would be controlled by a baghouse. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Maury County "Daily Herald"--published once on or before Thursday, May 27, 2004.

The applicant is <u>Midwest Zinc - Clarksville</u> with a mailing address of <u>5519 North Cumberland Avenue</u>, <u>Suite 1002</u>, <u>Chicago</u>, <u>IL 60656</u>. They seek to obtain an air contaminant permit (Division identification number: <u>63-0131-03/57230</u>) to modify a <u>Melting Operation</u> located at <u>480 International Boulevard</u>, <u>Clarksville</u>, <u>TN 37040</u>. The proposed modification is to add a baghouse to the existing operation. The company has requested an additional 3.3 pounds per hour of allowable particulate matter emissions. There would be physical construction. Regulated air contaminants are emitted from this source. Mr. S. Kusumanchi is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"--published once on or before Thursday, May 27, 2004.

The applicant is <u>Reed Brothers Feed and Seed</u> with a mailing address of <u>413 College Street</u>, <u>South Fulton</u>, <u>TN 38257</u>. They seek to obtain an air contaminant permit (Division identification number: <u>66-0122-01/56978</u>) for a <u>Milling Operation</u> located at <u>413 College Street</u>, <u>South Fulton</u>, <u>TN 38257</u>. This existing operation consists of equipment used for processing corn and hay for animal feed. A cyclone is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. G. Latif is the assigned Division person.

For the Obion County "Union City Daily Messenger"--published once on or before Thursday, May 27, 2004.

FIRST APPLICANT

The first applicant is <u>International Paper Company</u>, <u>Container Division</u> with a mailing address of <u>2220 NW Broad Street</u>, <u>Murfreesboro</u>, <u>TN 37128</u>. They seek to obtain an air contaminant permit (Division identification number: <u>75-0013-02/57274</u>) to modify an existing <u>Boiler Operation</u> located at <u>the same address</u>. The proposed modification would consist of construction of a temporary 14.7 MMBTU/hr boiler followed by construction of a permanent 20.4 MMBTU/hr boiler. Natural Gas and No. 2 Fuel Oil would be used as fuel for these boilers. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. S. Kusumanchi is the assigned Division person.

SECOND APPLICANT

The second applicant is <u>Standard Register Company</u> with a mailing address of <u>P.O. Box 839</u>, <u>Murfreesboro, TN 37133</u>. They seek to obtain air contaminant permits for air contaminant sources located at <u>325 Butler Drive, Murfreesboro, TN 37130</u>, as follows:

- (1) <u>Printing Press</u> (Division identification number: <u>75-0149/57297</u>). This existing operation consists of a lithographic printing press and associated equipment used to print inks and fountain solutions onto bond paper. The requested modification is to have UV dryers retrofitted onto the press. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. M. Reynolds is the assigned Division person.
- (2) <u>Printing Press</u> (Division identification number: <u>75-0149/57298</u>). This proposed operation would consist of a lithographic printing press and associated equipment used to print inks and fountain solutions onto bond paper. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.
- (3) <u>Printing Press</u> (Division identification number: <u>75-0149/57299</u>). This proposed operation would consist of a lithographic printing press and associated equipment used to print inks and fountain solutions onto bond paper. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There

would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Rutherford County "Daily News Journal"--published once on or before Thursday, May 27, 2004.
